

Delete a custom trend group

Fluorine+

Procedure

To delete a custom trend group, follow these steps:

1. Log into Observer and click  >  to navigate to the [Settings](#) page. Then, click the **Trend Groups** tab.
2. Toward the bottom of the page, click the  next to **Type: Custom** to display all of your custom trend groups. Then, select the custom trend group you want to delete.
3. On the far right-hand side of the page, click **Delete Selected**. Then, click **Delete** in the popup window. A popup notification will appear confirming that the custom trend group has been deleted.
