

View alert statistics raw data

Fluorine+

On the Observer Monitor page, you can view details about the raw data collected for each alert statistic in order to drill down more closely on which types of alerts have been posted, when they were posted, and the data that triggered the alert to be posted.

Procedure

To view the raw data for the alert statistics displayed on the Monitor page, follow these steps:

1. [Log into Observer](#) and click  > **Monitor** to navigate to the [Monitor](#) page.
2. Scroll down to **Alert Lists** and click  to expand the list of alerts that have been posted for each alert category.
3. Next to each alert's **Description**, click  to view the raw data for each posted alert.
