

View/download trend chart aggregate data

Fluorine+

On the Observer Problems page, you can view statistical **aggregate data** (**average**, **minimum**, **maximum**, **standard deviation**, and **count**) for any trend group chart.

Procedure

To view or download the aggregate data for a trend chart, follow these steps:

1. [Log into Observer](#) and click  > **Problems** to navigate to the [Problems](#) page.
 2. Select the trend group you want to display from the dropdown at the top of the page next to "Raw Data".
 3. Check the  button next to the alert categories dropdown. Doing this will display a table of aggregate data below the trend group chart.
- To download the aggregate data only, click . To download the raw data for the trend chart displayed, click .
